What is touch rugby supported by Wigan Warriors coaches?

Touch Rugby League (RL) is a minimal contact version of Rugby League. This variant is open to any age of player, with any fitness level or sporting ability. The main difference between Touch RL and the traditional sport is that tackles are made by a touch to the rugby ball, clothes or body of the ball carrier.

What is flag football supported by Merseyside Nighthawks coaches?

A non-contact version of American football, where tackles are made by pulling off flags which all players wear on their hips. Flag football will feature for the first time in the 2028 Los Angeles Olympics. Locally, a fully inclusive flag football academy will be starting in Parbold this summer.
